

LOCAL NEWS.

FRIDAY EVENING, MARCH 21.

For this section rain, southerly winds, warmer, colder by Saturday night.

THE CENSUS.—Mr. Wingfield, the supervisor of the census for this district, whose appointment has recently been confirmed by the Senate, has, as yet, appointed no enumerators, but will, it is thought, do so at an early date. There are already a number of applicants for these positions in this city and in each county of the district. This, the 31st district is composed of Alexandria city and county, Caroline, Clarke, Culpeper, Fairfax, Fauquier, Loudoun, Loudon, Madison, Orange, Page, Prince William, Rappahannock, Rockingham, Shenandoah, Spotsylvania, Stafford and Warren counties. The work of taking the census in this city will commence on the first of June next. It is thought that the city will show a population of about 16,000. For the benefit of those who are applicants for the positions of enumerators the following statement as to the pay they will receive in case they are appointed, will prove interesting: According to law each enumerator will receive two cents for each living inhabitant, five cents for each dead, fifteen cents for each farm, twenty cents for each establishment of productive industry, and five cents for each surviving soldier, sailor or marine returned by him. In special cases an enumerator may be paid by the day, not to exceed \$5. Under the law, the enumeration must be completed within fifteen days in the towns and within thirty days in the country districts.

AN EXPENSIVE LUXURY.—A dispatch from Hagerstown, Md., says: "This city some time ago abolished the gas lamps and substituted electric lights. These cost the municipality \$4.16 per month. For several months the bills were punctually met, but now, owing to hard times, the city is unable to collect its taxes, and the street commissioners have been compelled to notify the electric light company of their inability to meet payment for last month's service. The City Council has been urged to provide some means to meet the bill at once. Otherwise the city will be in total darkness. Already some of the merchants, fearing the worst, are preparing to hang out coal oil lamps on the leading thoroughfares." Hagerstown is lighted by the same system as is Alexandria and both cities have already realized that they are enjoying an expensive luxury. Hagerstown already says she can't pay for her light, and it would not surprise many if Alexandria cried enough at an early day. It is estimated that the expenses of the city's electric light works for the past year will be between \$9,000 and \$10,000, the cost of the plant, and a member of the City Council said at the meeting Wednesday night that the electric lights, if managed as at present, would soon bankrupt the city.

TAKEN TO STAFFORD.—Dr. Harrison Wagner, who was arrested in Washington, charged with forging the name of William B. Dismore to a bond for nearly \$2,000,000, on which he instituted suit against the Adams Express Company in Stafford county, was turned over yesterday afternoon to the Virginia authorities on a requisition from Gov. McKinney and taken to Stafford. It is said by some that Wagner is a harmless crank, whose lunacy takes the form of bringing an annual suit against the company. He has no claim whatever, and never presents any, but the company has to answer to the suits just the same, and is put to expense and trouble on account of it. His suit is brought every year in a different State, and compound interest is added to the claim. Others say Wagner is more knave than fool.

Wagner was brought to this city last night by Sheriff Kennedy, of Stafford, and lodged in the station house till this morning, when he was taken to Stafford.

MR. VERNON AVENUE.—As stated in the GAZETTE, Messrs. Downham, Harlow and Hume yesterday had interviews with Senators Barbour and Daniel and Gen. Lee in reference to the Mount Vernon Avenue bill now before Congress. The interviews were entirely satisfactory and to day Mr. Harlow received a letter from Senator Barbour stating that after the committee left Washington he had seen Mr. Allison, the chairman of the Senate committee to which the bill had been referred, who told him that he would report it at a day next week for his committee to hear the Mr. Vernon Avenue Association in reference to the proposed avenue.

PERSONAL.—R. V. Jno. K. Mason has tendered his resignation as rector of St. George's church at Fredericksburg to take effect on June 15. He has accepted a call to Marietta, Ga.

Mr. Jesse Veitch, son of Mr. Geo. W. Veitch, of the county, is extremely ill with typhoid pneumonia.

Mr. H. H. Young, Clerk of the County Court, was called to his home in the country to-day by the sudden and serious illness of his wife.

Dr. E. A. Slaymaker, who is practicing in West Virginia, is in the city on a visit to his parents. Mr. Park Agnew has returned from Annapolis, where he has been on canal business.

A SWINDLER.—A man who recently came here from a northern city and inveigled several shrewd citizens into giving him orders for fine suits of clothes at low figures, turns out to be a swindler, and caught several Alexandrians. The man showed samples of fine cloth and promised to furnish suits at a low figure. He always secured an advance and all who gave him money are out to the amount of such advances. Several who were caught considered themselves "too fly" to be swindled.

PRETTY BADGES.—The Countess of Meath, the founder of the Ministering Children's League, has sent 90 of the new badges of that order to the members of the league at Pohick church. The badge, which was formerly of ribbon, is now a small Greek cross, with the letters M. C. L. across one arm. The Countess, it will be remembered, addressed the league in St. Paul's Church, in this city, last fall, while visiting Washington, and also the one at Pohick.

CASE CONTINUED.—In the Circuit Court of Culpeper yesterday the case of Thomas Wood, of this city, vs. the R. & D. R. R. (a suit for \$20,000 for injuries sustained in an accident near Winstonville, in September, 1888), was continued for the plaintiff, Mr. L. Marbury, of this city, appeared for the railroad company.

LECTURE.—Rev. W. M. Dame, of Baltimore, will deliver his lecture on the personal recollections of a soldier's life in the Army of Northern Virginia at the Opera House to night. A real treat is promised all who may attend.

POLICE REPORT.—Last night was cloudy and rainy till about 11 o'clock. There were seven prisoners and six lodgers at the station house.

Justice May this morning disposed of the following cases:

Robt. Arnold, arrested by officers Sherwood and Howison charged with a felonious assault on Ed. Meade, was committed for further examination.

Chas. Ball, colored, arrested by officer Bettis for an assault on J. D. Beach, was fined \$3.50.

Chas. Jackson, Sandy Mason and Chas. Turner, arrested by officers Davis and Grady charged with fighting, were fined, the latter \$2.50 and the two others \$5 each.

A colored woman, arrested by officer McCuen for disorderly conduct, was fined \$1. Several cows were taken up for running at large in the street.

PROPERTY SALES.—Wm. Frey has sold to J. T. Hill a house and lot on the south side of Queen street, between Henry and Fayette, for \$175.

G. A. Mushbach has sold to Breen & Feely four lots on the south side of Gibbon street, between Pitt and St. Asaph, and the property was resold to Mr. M. Lawler.

G. S. Coleman has sold to J. M. Coleman the house and lot on the southwest corner of St. Asaph and Princess streets for \$2,000.

Green & Wise, real estate agents, have sold the property owned by the Misses Fribell, situated on the southwest corner of Queen and Henry streets, to Messrs. Patterson & Bro.

RAILROAD OFFICIAL CHANGES.—Mr. J. T. Worthington, general counsel for the R. & D. R. R., with headquarters at Washington, has been made general solicitor of that company, and Mr. Patrick Calhoun has been appointed to the position of general counsel, and will have his headquarters at Atlanta, Ga. The above change will not affect the position of Gen. W. H. Payne, who continues as counsel for the Virginia division, or that of Mr. L. Marbury, counsel for the company in this city. It is reported that Mr. Linden Kent, Mr. Worthington's chief assistant in Washington, will resign.

FUNERAL.—The funeral of the late Mrs. Wm. N. McVeigh took place from her late residence on south St. Asaph street, this afternoon, and was attended by a number of citizens. The services were conducted by Rev. James I. Vance, of the 2nd Presbyterian Church. The remains were deposited in Ivy Hill. The pall bearers were Messrs. Wm. H. Marbury, S. Ferguson, Beach, Geo. Wise, K. Kemper, Jno. M. Johnson and Wm. P. McKnight. Two handsome floral offerings—a cross and an anchor—were placed on the casket.

I. O. O. F.—A heretofore stated, the 51st anniversary of Potomac Lodge, I. O. O. F., will be celebrated by that lodge to night.

A number of distinguished Odd Fellows from this State and from Washington will be present on the occasion, and after the conferring of degrees a banquet will be given.

A prize fight took place yesterday between Mike Bolger, of the District, and William White, of Boston, at a place in Prince George's county, Md., a few miles below Washington. After three rounds White threw up the sponge, and Bolger was declared the victor.

As heretofore stated, one of the Hydrallion engine horses became so unmanageable that he had to be disposed of. The fire wardens yesterday traded the refractory horse to Mr. Simmons, of Washington, for another and gave him \$75 to boot. The new horse is a fair match for the iron gray now belonging to the company, though he is not quite so large.

SHILOH'S COUGH and Consumption Cure is sold by us on a guarantee. It cures Consumption. E. S. Leadbeater & Bro., agents.

Opinion of a Leading Editor.
Almost all the diseases that afflict us from infancy to old age have their origin in a disordered liver. A really good liver medicine is the most important in the whole range of pharmacy. We believe Simmons' Liver Regulator to be the best among them all. We pin our faith upon the Regulator, and if we could persuade every reader who is in ill health to buy it, we would willingly vouch for the benefit each would receive.—*Ed. Cincinnati Gazette*

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a *victim of consumption* and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own house work and is as well as she ever was. Free trial bottles of this Great Discovery at E. S. Leadbeater & Bro.'s drug store (wholesale agents). Large bottles 50c and \$1.

Sight Restored.

Mr. A. K. Hawkes: Dear Sir—About one year ago my sight began to fail, with the usual symptoms, viz: after reading for a short time my eyes became confused and there seemed to be a dimness before them, also accompanied with pains in the eye ball. Being satisfied that glasses were imperatively demanded, applied to you for them, and, I am happy to say, with wonderful results, for after having worn your crystallized lenses for a short time my eyes regained their accustomed strength, and I can now read the finest print for hours with perfect ease without glasses.

MONETARY AND COMMERCIAL.

There has been very little improvement to note in the general business during the week, and money matters are quiet. The rate for money, 6 per cent, continues unchanged, and the banks supply all demands. In New York money is quoted on call as easy, ranging from 3 to 4. In Baltimore money is in fair supply and steady at 4 1/4 per cent. on call. Local stocks are quiet. In Baltimore yesterday \$31,800 of Midland bonds were sold. We quote:

NEW YORK, March 21.—The stock market this morning was much the same as yesterday. The business done the first hour was extremely small, and even smaller than during the same hours yesterday. The fluctuations in no stock exceeded half per centum. The opening was steady to firm, most of the list traded in during the first few minutes showing fractional advances. The firm tone continued, and the changes after those of the opening were generally upward. At 11 o'clock the market was very dull and steady to firm, generally at something better than first prices.
